Water & Plumb Skills Expo 2022

OVERVIEW ON WATER & PLUMBING SECTOR

Water is the source of life - an essential for all human activities, however, with increasing agriculture, commercialization, rapid population explosion and changing consumption patterns, the need for water, especially clean water, is at an all-time high.

The global water industry is one of the most important industries in the world. It not only provides drinking water and wastewater services to the global population but also supplies the industrial and agricultural sectors. Pressure on the water industry is expected to increase in the coming years as climate change shrinks water availability worldwide and populations continue to grow.

There is a huge need to build Human Resources for the Water Resources & Plumbing Sectors in India. India has been blessed with demographic dividend with a potential to reach greater heights. A well-trained and motivated manpower is the backbone of any developmental activity. In a hugely diversified field like the Water & Plumbing sector also, there is pressing need for sustained human resource development through multi-level training of personnel involved in the sectors to undertake the challenging tasks ahead. The same is being spearheaded by WMPSC.

This vantage initiative by Water Management & Plumbing Skill Council (WMPSC) and Federation of Indian Chambers of Commerce and Industry (FICCI) of bringing Water & Plumbing Technicians and Global industry under one roof is an excellent platform to showcase the sectors, transforming India into a Global hub and bolstering the Skill India Mission envisioned by the Hon'ble Prime Minister of India, Shri Narendra Modi.

THE THEME

Inspired by the clarion call of the Hon'ble Prime Minister of India to capitalise India's inherent strengths, the event aims at making Indian Water and Plumbing industry a mainstay for Global Construction sector.

The event is organized with the Overarching theme - **"Conserving Water Through Emerging Technologies & Sustainable Practices"** aligning with Jal Jeevan Mission.
