Procedure for application

ICCR sends the offer letter for scholarships to Indian Missions abroad. Offer of scholarships are advertised by the Indian Missions in countries where the scholarships are offered. Interested students are required to fill online application available on A2A portal at the Indian Missions. Applications should be properly filled up and submitted with complete set of supporting documents. Certified copies of all documents should be accompanied with English translations. The syllabus of the qualifying examination should be enclosed with the application.

Selection procedure

Applications from the desirous foreign nationals received by the concerned Indian Diplomatic Missions are scrutinized and forwarded by them to ICCR for selection and placement. ICCR, however, does not consider applications which are received directly from the candidates. ICCR in-turn forwards the application to the Universities/educational institutions who have their own eligibility criteria. A scholarship is awarded only when the admission is confirmed by ICCR after receiving confirmation from the concerned institute/university. Thereafter, appropriate visas are issued by the Missions.
